## CSWC Operational Period Summary

### 0600 February 19 2018 to 1800 February 19 2018

The de Young Museum, located in Golden Gate Park, has been an integral part of the cultural fabric of the city and a cherished destination for millions of residents and visitors for over 100 years. “Revelations: Art from the African-American South” is on view through 04.01.18, San Francisco, San Francisco County. The de Young recently acquired 62 works by contemporary African-American artists based in the South.

### 911 Outages/Remote/Community Isolations:

- None reported.

### Service Interruptions:

- None reported.

# WEATHER OF CONCERN

## Weather of Concern

- A freeze warning is in effect for Northern California elevations below 2,000 feet through Wednesday morning, 02/21/18.
- Strong wind gust up to 50 mph are predicted through 1600 hours today for portions of Kern County mountains and desert locations.

## **Active Weather Warnings, Watches and Advisories by County:**

- <https://alerts-v2.weather.gov/counties/CA>

# **WEATHER SYNOPSIS BY REGION**

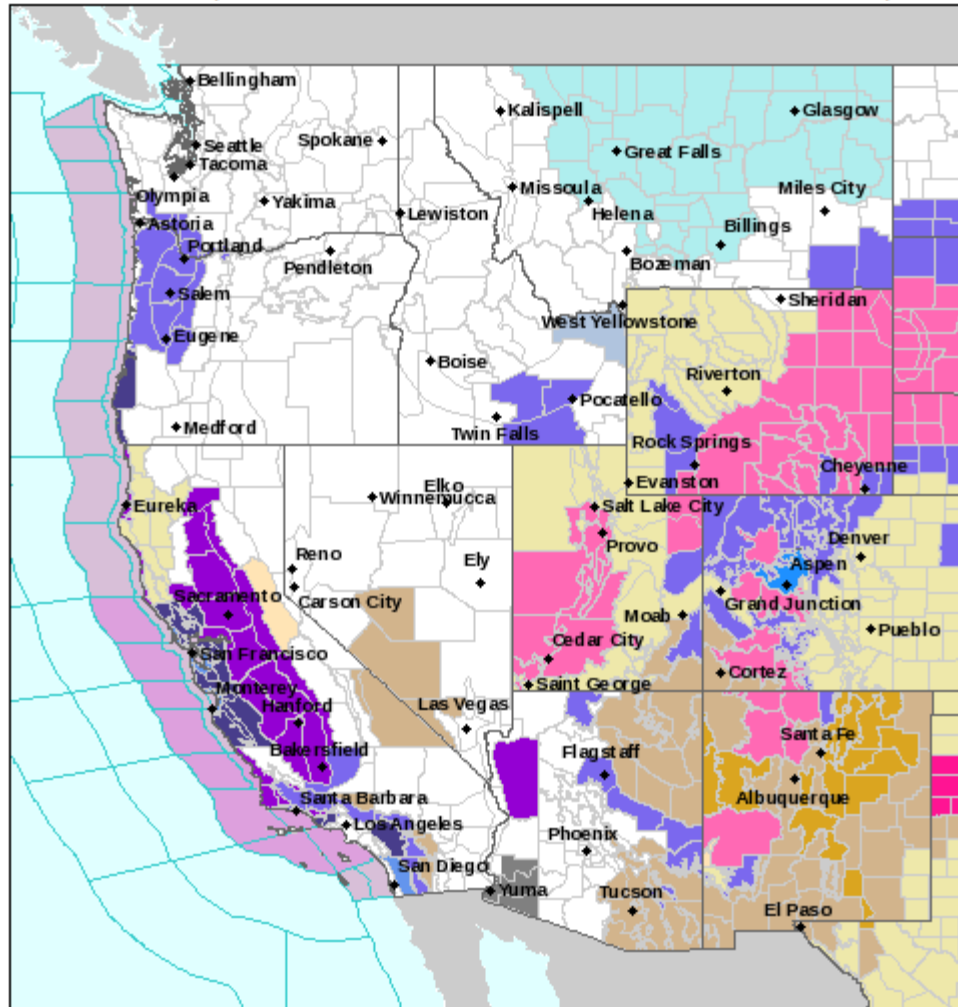

## **NORTHERN CALIFORNIA**

A cold low pressure trough will produce widespread freezing temperatures to the region early this week, expect record setting lows temperatures, periods of snow showers and gusty winds. Mountain and foothill showers are possible through this afternoon. A dusting of snow is possible down to 1,000 feet.

## **SOUTHERN CALIFORNIA**

A very cold low pressure system will dive southward through the region today. This system has the potential to bring the coldest air we have seen so far this winter season, with snow levels potentially falling as low as 1,500 feet. Low elevation mountain roadways could be impacted by snow showers, icy roads, and strong winds. With such low snow levels expected, there is also a slight chance of snow showers today across the valleys and foothills down to 1,500 feet . The strongest winds will occur in the mountains with gusts between 50 and 60 mph.
